JA Programs

More Than Money

Grades 4-5 (4 hours)

Introduces students to critical money management, including earning, saving, and spending. They learn to create a business plan, estimate start-up costs, track finances, and explore essential decision-making skills for success.

Our Business World

Grades 5-6 (4 hours)

Helps students explore business creation and success through games and multimedia. They learn about innovation, startups, self-employment, and the impact of businesses on the community and also the environment.

Business of Our Own

Grades 6-8 (4 hours)

Students gain hands-on experience in business planning using a model canvas to identify their product, target market, and resources. An optional in-school sale or pitch presentation enhances the learning experience.

Dollars With Sense

Grades 7-9 (4 hours)

Introduces students to budgeting, investing, credit costs, online security, and more. This interactive program teaches essential personal money management skills that students can start applying immediately.

Economics for Success

Grades 8-10 (4 hours)

Helps students connect education to achieving goals by mapping career clusters, creating a budget, and exploring post-secondary options. This inspires them to plan for success and make informed decisions about their future.

Investment Strategies

Grades 10-12 (4-6 hours)

Students learn to save and invest for their future by exploring financial terms, researching stocks, building a portfolio, and participating in the Stock Market Challenge, an optional online simulation offered nationally four times a year.

Success Skills

Grades 8-10 (2-6 hours)

Helps students develop communication, collaboration, and problem-solving skills for success. This interactive program prepares them for the working world, increasing resilience and improving outcomes in challenging situations.

Personal Finance

Grades 10-12 (4 hours)

Students learn personal finance essentials including spending wisely, budgeting, saving, investing, and using credit. By program's end, they will have a personal finance plan and clear goals to help them plan their future financial security.

Chat with an Investment Professional

Grades 8-12 (45-60 mins.)

Students learn from an investment professional, gaining insights into the rewards of investing for both short-term needs and long-term goals, with opportunities to explore potential careers in the financial field.

NEW! Pick My Brain

Grades 10-12 (30-60 mins.)

Students explore different careers through this unique online speaker platform, where volunteers share job insights, experiences, and stories to inspire and guide them. Sessions can be booked for 30, 45, or 60 minutes to fit classroom schedules.

JA Company Program

Grades 10-12 (10-16 weeks)

A hands-on experience that inspires students to create and operate business ventures aligned with the UN Sustainable Development Goals. They develop teamwork, decision-making, and critical thinking skills valuable for their future.
