

## CHAT WITH AN INVESTMENT PROFESSIONAL

### Career Education

### Grades 8-12

**Program Options:** Facilitated by a JA Volunteer

In a 45-60 minute session, students connect with an experienced investment professional to explore essential investing concepts. Volunteers guide discussions on financial planning, risk management, and local economic factors that influence investment choices.

### Learning Experience Highlights

- Learn how to grow your money and explore various investment types
- Learn how to start investing with minimal capital while understanding interest and managing risk
- Discover how local conditions affect investments and find educational resources

### Program Details

- Program is delivered by volunteers in-class or online
- Each session lasts 45-60 minutes, including a Q&A segment
- Program is provided on demand during a regular block schedule
- JABC's Program team coordinates and supports the experience
